A WORLD WHERE THE COMMUNITY EARNS

PERK Society is a community-driven rewards platform built on Solana. Real activity funds real rewards: people trade \$PERK, fees flow into the rewards treasury, and the treasury buys physical products and live experiences that go to actual members through provably random draws.

POSITIONING

Participation over speculation.

You cannot buy a prize. You show up, you enter, the roll decides.

AUDIENCE

Internet culture, all 14 hubs.

Gamers, music fans, creators, artists, anime, fashion, fitness, LGBTQ+ and web3.

POSSIBLE SINGLE REWARD

The mark is the brand's smallest complete unit. It works alone at any size, carries every small format, and never appears with effects, outlines or gradients applied to it.

DO NOT

NEVER ROTATE

NEVER STRETCH

NEVER RECOLOUR

NEVER LOW CONTRAST

No shadows, glows, outlines or container shapes are added to the mark itself. Glow is a background treatment behind it, never a filter baked into the asset.

CHARACTER SET

ABCDEFGHIJKLMNOPQRSTUVWXYZ 0123456789 \$ -**→ ↺ + ×**

GRID FIELD

1 px lines at #0D120B, 60–68 px pitch. Sits on every dark surface.

LIME GLOW

Radial, max 22% opacity, one per composition, always behind content.

CHIPS, ARROWS & THE LOOP

Chips are square-cornered, mono, uppercase. One solid chip per group marks the payoff. Arrows are plain glyphs in lime, never drawn illustrations.

GEOMETRY

CORNERS — SQUARE. ONLY AVATARS AND APP ICONS ARE ROUNDED.

BORDERS — 1 PX HAIRLINE, #2F3B25 ON DARK.

SPACING — MULTIPLES OF 4. SECTION GAPS 28–56.

NO DROP SHADOWS ON LAYOUT, NO GRADIENT BACKGROUNDS.

DIRECT, CONFIDENT, NEVER OVERPROMISING

WE SAY

Show up. Participate. Get rewarded.

Real products, not points.

A single reward can be worth more than \$10,000.

Every winner is published.

WE NEVER SAY

Guaranteed returns or guaranteed payouts.

Financial advice, price predictions, targets.

Anything unverified before revenue exists.

Hype without a real drop behind it.

WRITING RULES

Headlines in caps, short, verb-first. Body in sentence case.

Concrete nouns over abstractions: a PS5, a festival pass, a MacBook, SOL.

No emoji in brand-owned communication. No exclamation stacking.

Community always comes before the token in any sentence.
